WORK EXPERIENCE

Career Navigation Assistant (CNA) – Final Year Project

- Tools: React, Python (Flask/Django), MySQL, O∗NET Data
- Developed a career guidance web platform to help Computer Science students at ACU explore career paths.
- Features: Career Matchmaker, Industry Deep Dive, Mentor Marketplace, Course Guide, and Job Board.
- Implemented machine learning to recommend careers based on student performance and interests.

Phishing Awareness Campaign (2024)

- Tools: Canva, Digital Media
- Designed and executed a cybersecurity awareness campaign for students, focusing on phishing prevention.
- Created flyers and digital content to promote safe online practices.

Event Management & Tech Bootcamp (2024 – 2025)

- Co-organized a TechTalk (TED-style) event with GDG and Cephas ICT Hub.
- Ran a 3-month bootcamp for students in collaboration with Google Developers Group and Cephas Limited.

Work Experience / Leadership

- I was the General Secretary for NACOS 2025.
- Coordinated administrative and communication duties for the association.
- Organized and documented meetings, events, and sponsorship activities.
- Collaborated with executives to plan and execute tech events, bootcamps, and student engagement programs.
